

# NOVÁ ŠKOLA - 5P - Uvažuj, odhaduj, počítám

08.10 - 9

## Násobení z paměti

**A.**     $5 \cdot 90 =$                        $7 \cdot 800 =$                        $9\ 000 \cdot 80 =$                        $3 \cdot 3\ 000 =$   
           $80 \cdot 50 =$                        $60 \cdot 60 =$                        $3\ 000 \cdot 80 =$                        $600 \cdot 400 =$   
           $70 \cdot 60 =$                        $50 \cdot 900 =$                        $500 \cdot 80 =$                        $50 \cdot 700 =$   
           $80 \cdot 5 =$                        $60 \cdot 500 =$                        $3\ 000 \cdot 80 =$                        $300 \cdot 7\ 000 =$

08.10 - 9

## Násobení z paměti

**B.**     $9 \cdot 60 =$                        $3 \cdot 500 =$                        $6\ 000 \cdot 30 =$                        $9 \cdot 4\ 000 =$   
           $70 \cdot 90 =$                        $70 \cdot 90 =$                        $5\ 000 \cdot 30 =$                        $900 \cdot 600 =$   
           $80 \cdot 60 =$                        $70 \cdot 700 =$                        $900 \cdot 30 =$                        $60 \cdot 700 =$   
           $50 \cdot 7 =$                        $60 \cdot 500 =$                        $8\ 000 \cdot 30 =$                        $600 \cdot 5\ 000 =$

08.10 - 9

## Násobení z paměti

**C.**     $9 \cdot 90 =$                        $9 \cdot 800 =$                        $5\ 000 \cdot 90 =$                        $5 \cdot 3\ 000 =$   
           $90 \cdot 50 =$                        $90 \cdot 90 =$                        $5\ 000 \cdot 90 =$                        $500 \cdot 300 =$   
           $40 \cdot 40 =$                        $40 \cdot 900 =$                        $300 \cdot 90 =$                        $70 \cdot 900 =$   
           $80 \cdot 8 =$                        $70 \cdot 600 =$                        $7\ 000 \cdot 90 =$                        $900 \cdot 7\ 000 =$

08.10 - 9

## Násobení z paměti

**D.**     $7 \cdot 40 =$                        $5 \cdot 800 =$                        $5\ 000 \cdot 90 =$                        $5 \cdot 3\ 000 =$   
           $80 \cdot 60 =$                        $70 \cdot 40 =$                        $4\ 000 \cdot 90 =$                        $600 \cdot 600 =$   
           $30 \cdot 70 =$                        $30 \cdot 500 =$                        $400 \cdot 90 =$                        $50 \cdot 700 =$   
           $90 \cdot 6 =$                        $30 \cdot 900 =$                        $8\ 000 \cdot 90 =$                        $600 \cdot 9\ 000 =$

08.10 - 9

## Násobení z paměti

**E.**     $7 \cdot 30 =$                        $6 \cdot 600 =$                        $4\ 000 \cdot 80 =$                        $6 \cdot 5\ 000 =$   
           $70 \cdot 70 =$                        $30 \cdot 60 =$                        $4\ 000 \cdot 80 =$                        $500 \cdot 900 =$   
           $50 \cdot 50 =$                        $90 \cdot 700 =$                        $700 \cdot 80 =$                        $90 \cdot 500 =$   
           $30 \cdot 7 =$                        $80 \cdot 300 =$                        $8\ 000 \cdot 80 =$                        $400 \cdot 5\ 000 =$

08.10 - 9

## Násobení z paměti

**F.**     $9 \cdot 50 =$                        $3 \cdot 600 =$                        $9\ 000 \cdot 40 =$                        $6 \cdot 5\ 000 =$   
           $60 \cdot 40 =$                        $90 \cdot 30 =$                        $5\ 000 \cdot 40 =$                        $700 \cdot 400 =$   
           $50 \cdot 70 =$                        $70 \cdot 300 =$                        $400 \cdot 40 =$                        $30 \cdot 300 =$   
           $70 \cdot 9 =$                        $90 \cdot 600 =$                        $9\ 000 \cdot 40 =$                        $700 \cdot 7\ 000 =$
